This restriction is in addition to those prescribed elsewhere in statute and regulation.

- (b) When deemed appropriate by the NREL Subcontract Administrator, the Subcontractor shall conduct negotiations with regulators regarding NOV/NOAVs, fines and penalties, including, if the NREL Subcontract Administrator so requires, accepting NOV/NOAVs in its own name. The Subcontractor shall make no commitments or offers to regulators binding NREL/Government unless approved in advance and in writing by the NREL Subcontract Administrator. Failure to obtain such advance written approval may result in otherwise allowable costs being declared unallowable and/or the Subcontractor being liable for any excess costs to NREL/Government associated with or resulting from such offers/commitments.
- (c) The Subcontractor shall support and provide assistance to the NREL/Government concerning any matter arising under a NOV/NOAV.

- (c) Used, Refurbished, or Rebuilt Items or Parts. In the event that items or parts consisting of new materials are not reasonably available to the Subcontractor, with prior NREL Subcontract Administrator written approval, the Subcontractor may supply or deliver either: used; or refurbished; or rebuilt items or parts that are not of such an age or so deteriorated as to impair their usefulness or safety and conform to government or industry-accepted specifications or national consensus standards.

- (e) Indemnification of NREL/DOE. The Subcontractor shall indemnify NREL and the DOE, their officers, agents, and employees, and third parties for any financial loss, injury, or property damage resulting directly or indirectly from items or parts that are not genuine, original, and unused, or not otherwise suitable for the intended purpose. This includes, but is not limited to, items or parts that are defective, suspect, or counterfeit; items or parts that have been provided under false pretenses; and items or parts that are materially altered, damaged, deteriorated, degraded, or result in product failure.

- (2) Subcontractors or lower-tier Subcontractors may rely without liability on the representation made by their lower-tier Subcontractors in the certification and disclosure form.
- (f) Cost allowability. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

The Subcontractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the Subcontractor, at any-tier, submit to the NREL Subcontract Administrator within thirty (30) days a copy of all disclosures. CLAUSE 11. SYSTEM FOR AWARD MANAGEMENT MAINTENANCE (NOV 2016)

Derived from FAR 52.204-13 (JULY 2013)

(Applies to all subcontracts.)

- (a) Definition. As used in this clause--

“Data Universal Numbering System (DUNS) number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities, which is used as the identification number for NREL Subcontractors.

“Data Universal Numbering System+4 (DUNS+4) number” means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at subpart 32.11) for the same concern.

“Registered in the System for Award Management (SAM) database” means that—

- (1) The Subcontractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, the Subcontractor and government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see <https://www.fars.gov/>), into the SAM database;
- (2) The Subcontractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM database;
- (3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue

- Service (IRS). The Subcontractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and
- (4) The Government has marked the record “Active”.

“System for Award Management (SAM)” means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes—

- (1) Data collected from prospective Federal subawardees required for the conduct of business with NREL;
 - (2) Prospective Subcontractor-submitted representations and certifications in accordance with FAR subpart 4.12; and
 - (3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.
- (b) The Subcontractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the NREL’s reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Subcontractor is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this subcontract and is not a substitute for a properly executed subcontract document.
- (c)
- (1)
 - (i) If a Subcontractor has legally changed its business name, doing business as name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in subpart 42.12, the Subcontractor shall provide the responsible NREL subcontract administrator a minimum of one business day’s written notification of its intention to—
 - (A) Change the name in the SAM database;
 - (B) Comply with the requirements of subpart 42.12 of the FAR; and
 - (C) Agree in writing to the timeline and procedures specified by the responsible NREL subcontract administrator. The Subcontractor shall provide with the notification sufficient documentation to support he legally changed name.
 - (ii) If the Subcontractor fails to comply with the requirements of paragraph (c)(1)(i) of this clause, or fails to perform the agreement at paragraph (c)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Subcontractor to be other than the Subcontractor indicated in the subcontract will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the electronic funds transfer (EFT) clause of this subcontract.
 - (2) The Subcontractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee

for the purpose of assignment of claims (see FAR subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM. Information provided to the Subcontractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Subcontractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

- (3) The Subcontractor shall ensure that the DUNS number is maintained with Dun & Bradstreet throughout the life of the subcontract. The Subcontractor shall communicate any change to the DUNS number to the NREL subcontract administrator within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the DUNS number does not necessarily require a novation be accomplished. Dun & Bradstreet may be contacted—
 - (i) Via the internet at <http://fedgov.dnb.com/webform> or if the Subcontractor does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or
 - (ii) If located outside the United States, by contacting the local Dun and Bradstreet office.
- (d) Subcontractors may obtain additional information on registration and annual confirmation requirements at <https://www.acquisition.gov>.

The term "service employee" includes all such persons regardless of any contractual relationship that may be alleged to exist between a contractor, subcontractor or lower-tier subcontractor and such persons.
- (b) The Subcontractor and its lower-tier subcontractors shall, except as otherwise provided herein, in good faith offer those service employees employed under the predecessor subcontract whose employment will be terminated as a result of award of this subcontract or the expiration of the subcontract under which the service employees were hired, a right of first refusal of employment under this subcontract in positions for which the service employees are qualified.
 - (1) The Subcontractor and its lower-tier subcontractors shall determine the number of service employees necessary for efficient performance of this subcontract and may elect to employ fewer employees than the predecessor Subcontractor employed in connection with performance of the work.
 - (2) Except as provided in paragraph (c) of this clause, there shall be no employment opening under this subcontract, and the Subcontractor and any lower-tier subcontractors shall not offer employment under this subcontract, to any person prior to having complied fully with this obligation.
 - (i) (The successor Subcontractor and its lower-tier subcontractors shall make a bona fide express offer of employment to each service employee as provided herein and shall state the time within which the service employee must accept such offer, but in no case shall the period within which the service employee must accept the offer of employment be less than 10 days.
 - (ii) (The successor Subcontractor and its lower-tier subcontractors shall decide any question concerning a service employee's qualifications based upon the individual's education and employment history, with particular emphasis on the employee's experience on the predecessor subcontract, and the Subcontractor may utilize employment screening processes only when such processes are provided for by the Government through NREL, are conditions of the service contract, and are consistent with Executive Order 13495.
 - (iii) (Where the successor Subcontractor does not initially offer employment to all the predecessor subcontract service employees, the obligation to offer employment shall continue for 90 days after the

- successor Subcontractor's first date of performance on the subcontract.
- (iv) An offer of employment will be presumed to be bona fide even if it is not for a position similar to the one the employee previously held, but is one for which the employee is qualified, and even if it is subject to different employment terms and conditions, including changes to pay or benefits. (See 29 CFR 9.12 for a detailed description of a bona fide offer of employment).
- (c)
 - (1) Notwithstanding the obligation under paragraph (b) of this clause, the successor Subcontractor and any lower-tier subcontractors (i) may employ under this subcontract any service employee who has worked for the subcontractor or lower-tier subcontractor for at least three months immediately preceding the commencement of this subcontract and who would otherwise face lay-off or discharge, (ii) are not required to offer a right of first refusal to any service employee(s) of the predecessor subcontractor who are not service employees within the meaning of the Service Contract Labor Standards statute, 41 U.S.C. 6701(3), and (iii) are not required to offer a right of first refusal to any service employee(s) of the predecessor subcontractor whom the Subcontractor or any of its lower-tier subcontractors reasonably believes, based on the particular service employee's past performance, has failed to perform suitably on the job (see 29 CFR 9.12 (c)(4) for additional information). The successor Subcontractor bears the responsibility of demonstrating the appropriateness of claiming any of these exceptions.
 - (2) In addition, any Subcontractor or lower-tier subcontractor that has been certified by the U.S. Small Business Administration as a HUBZone small business concern must ensure that it complies with the statutory and regulatory requirements of the HUBZone Program (e.g., it must ensure that at least 35 percent of all of its employees reside within a HUBZone). The HUBZone small business Subcontractor or lower-tier subcontractor must consider whether it can meet the requirements of this clause and Executive Order 13495 while also ensuring it meets the HUBZone Program's requirements.
 - (3) Nothing in this clause shall be construed to permit a Subcontractor or lower-tier subcontractor to fail to comply with any provision of any other Executive order or law. For example, the requirements of the HUBZone Program (see FAR subpart 19.13), Executive Order 11246 (Equal Employment Opportunity), and the Vietnam Era Veterans' Readjustment Assistance Act of 1974 may conflict, in certain circumstances, with the requirements of Executive Order 13495. All applicable laws and Executive orders must be satisfied in tandem with, and if necessary prior to, the requirements of Executive Order 13495, 29 CFR part 9, and this clause.
 - (d)
 - (1) The Subcontractor shall, not less than 30 days before completion of the Subcontractor's performance of services on the subcontract, furnish the NREL Subcontract Administrator with a certified list of the names of all service employees working under this subcontract and its lower-tier subcontracts at the time the list is submitted. Where changes to the workforce are made after the submission of the certified list

described in this paragraph, the Subcontractor shall, in accordance with paragraph (e) of this clause, not less than 10 days before completion of the services on this subcontract, furnish the NREL Subcontract Administrator with an updated certified list of the names of all service employees employed within the last month of subcontract performance. The updated list shall also contain anniversary dates of employment, and, where applicable, dates of separation of each service employee under the subcontract and its predecessor subcontracts with either the current or predecessor Subcontractors or their lower-tier subcontractors.

- (2) Immediately upon receipt of the certified service employee list but not before subcontract award, the NREL Subcontract Administrator shall provide the certified service employee list to the successor Subcontractor, and, if requested, to employees of the predecessor Subcontractor or lower-tier subcontractors or their authorized representatives.
 - (3) The NREL Subcontract Administrator will direct the predecessor Subcontractor to provide written notice (Appendix B to 29 CFR chapter 9) to service employees of their possible right to an offer of employment with the successor subcontractor. Where a significant portion of the predecessor Subcontractor's workforce is not fluent in English, the notice shall be provided in English and the language(s) with which service employees are more familiar. The written notice shall be—
 - (i) Posted in a conspicuous place at the worksite; or
 - (ii) Delivered to the service employees individually. If such delivery is via e-mail, the notification must result in an electronic delivery receipt or some other reliable confirmation that the intended recipient received the notice.

 - (4) An entry on the pay records of the amount of any retroactive payment of wages or compensation under the supervision of the Administrator of the Wage and Hour Division to each service employee, the period covered by such payment, and the date of payment, and a copy of any receipt form provided by or authorized by the Wage and Hour Division. The Subcontractor shall also deliver a copy of the receipt to the service employee and file the original, as evidence of payment by the Subcontractor and receipt by the service employee, with the Administrator or an authorized representative within 10 days after payment is made.

- (j) The Subcontractor shall take such action with respect to any such lower-tier subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance. However, if the Subcontractor, as a result of such direction, becomes involved in litigation with a lower-tier subcontractor, or is threatened with such involvement, the Subcontractor may request that the United States, through the Secretary, enter into such litigation to protect the interests of the United States.
- (k) The NREL Subcontract Administrator will withhold, or cause to be withheld, from the Subcontractor under this or any other Government-funded subcontract with the same Subcontractor, such sums as an authorized official of the Department of Labor requests, upon a determination by the Administrator, the Administrative Law Judge, or the Administrative Review Board, that there has been a failure to comply with the terms of this clause and that wages lost as a result of the violations are due to service employees or that other monetary relief is appropriate. If the NREL

Subcontract Administrator or the Administrator, upon final order of the Secretary, finds that the Subcontractor has failed to provide a list of the names of service employees working under the subcontract, the NREL Subcontract Administrator may, in his or her discretion, or upon request by the Administrator, take such action as may be necessary to cause the suspension of the payment of subcontract funds until such time as the list is provided to the NREL Subcontract Administrator.

- (a) Definitions. As used in this clause—
- (1) “All employment openings” means all positions except executive and senior management, those positions that will be filled from within the Subcontractor’s organization, and positions lasting three (3) days or less.  - (4) “Executive and senior management” means any employee—
 - (i) Any employee—

 - (ii) Any employee who owns at least a bona fide 20-percent equity interest in the enterprise in which the employee is employed, regardless of whether the business is a corporate or other type of organization, and who is actively engaged in its management.
 - (5) “Other protected veteran” means a veteran who served on active duty in the U.S. military, ground, naval, or air service, during a war or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.
 - (6) “Positions that will be filled from within the Subcontractor’s organization” means employment openings for which the Subcontractor will give no consideration to persons outside the Subcontractor’s organization (including

any affiliates, subsidiaries, and parent companies) and includes any openings the Subcontractor proposes to fill from regularly established “recall” lists. The exception does not apply to a particular opening once an employer decides to consider applicants outside of its organization.

- (7) “Qualified disabled veteran” means a disabled veteran who has the ability to perform the essential functions of the employment positions with or without reasonable accommodation.
- (8) “Recently separated veteran” means any veteran during the three-year period beginning on the date of such veteran’s discharge or release from active duty in the U.S. military, ground, naval or air service.

(b) General.

(1) The Subcontractor shall not discriminate against any employee or applicant for employment because the individual is a disabled veteran, recently separated veteran, other protected veterans, or Armed Forces service medal veteran, regarding any position for which the employee or applicant for employment is qualified. The Subcontractor shall take affirmative action to employ, advance in employment, and otherwise treat qualified individuals, including qualified disabled veterans, without discrimination based upon their disability status as a disabled veteran, recently separated veteran, Armed Forces service medal veteran, and other protected veteran in all employment practices including the following:

- (i) Recruitment, advertising, and job application procedures;
- (ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;
- (iii) Rate of pay or any other form of compensation and changes in compensation;
- (iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;
- (v) Leaves of absence, sick leave, or any other leave;
- (vi) Fringe benefits available by virtue of employment, whether or not administered by the Subcontractor;

but excluding those of independently operated corporate affiliates, at an appropriate employment service delivery system where the opening occurs. Listing employment openings with the State workforce agency job bank or with the local employment service delivery system where the opening occurs shall satisfy the requirement to list jobs with the appropriate employment service delivery system.

- (2) The Subcontractor shall make the listing of employment openings with the appropriate employment service delivery system at least concurrently with using any other recruitment source or effort and shall involve the normal obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing of employment openings does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Subcontractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.
 - (3) Whenever the Subcontractor becomes contractually bound to the listing terms of this clause, it shall advise the State workforce agency in each State where it has establishments of the name and location of each hiring location in the State. As long as the Subcontractor is contractually bound to these terms and has so advised the State agency, it need not advise the State agency of subsequent contracts/subcontracts. The Subcontractor may advise the State agency when it is no longer bound by this subcontract clause.
- (d) Applicability. This clause does not apply to the listing of employment openings that occur and are filled outside the 50 States, the District of Columbia, the Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.
- (e) Postings.
- (1) The Subcontractor shall post employment notices in conspicuous places that are available to employees and applicants for employment.
 - (2) The employment notices shall—
 - (i) State the rights of applicants and employees as well as the Subcontractor's obligation under the law to take affirmative action to employ and advance in employment qualified employees and applicants who are disabled veterans, recently separated veterans, Armed Forces service medal veterans and other protected veterans; and
 - (ii) Be in a form prescribed by the Director, Office of Federal Contract Compliance Programs, and provided by the DOE Contracting Officer through the NREL Subcontract Administrator.
 - (3) The Subcontractor shall ensure that applicants or employees who are special disabled veterans are informed of the contents of the notice (e.g., the Subcontractor may have the notice read to a visually disabled veteran, or may lower the posted notice so that it can be read by a person in a wheelchair).
 - (4) The Subcontractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement, or other contract understanding, that the Subcontractor is bound by the terms of the Act and is committed to take affirmative action to employ, and advance in employment, qualified disabled veterans, recently separated veterans, protected veterans, and Armed Forces service medal veterans.

- (f) Noncompliance. If the Subcontractor does not comply with the requirements of this clause, NREL/Government may take appropriate actions under the rules, regulations, and relevant orders of the Secretary of Labor. This includes implementing any sanctions imposed on a Subcontractor by the Department of Labor for violations of this clause (52.222-35, Equal Opportunity for Veterans). These sanctions (see 41 CFR 60-300.66) may include—
 - (1) Withholding progress payments;
 - (2) Termination or suspension of the subcontract; or
 - (3) Debarment of the Subcontractor
- (g) Lower-tier subcontracts. The Subcontractor shall insert the terms of this clause in all lower-tier subcontracts of \$100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor. - (f) Lower-tier subcontracts.
 - (1) The Subcontractor shall include the substance of this clause, including this paragraph (f), in every lower-tier subcontract that exceeds \$10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each lower-tier subcontractor.
 - (2) The Subcontractor shall not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.
 - (3) The Subcontractor shall take such action with respect to any such lower-tier subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.
 - (4) However, if the Subcontractor becomes involved in litigation with a lower-tier subcontractor, or is threatened with such involvement, as a result of such direction, the Subcontractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

CLAUSE 29. SERVICE CONTRACT LABOR STANDARDS (FORMERLY SERVICE CONTRACT ACT OF 1965) (NOV 2016)

(Derived from FAR 52.222-41)(MAY 2014)

(Applies to subcontracts exceeding \$2,500 for services as defined in the Service Contract Act.)

- (a) *Definitions.* As used in this clause—
 - “Service employee” means any person engaged in the performance of this subcontract other than any person employed in a bona fide executive, administrative, or professional capacity, as these terms are defined in Part 541 of Title 29, Code of Federal Regulations, as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist between a Subcontractor or lower-tier subcontractor and such persons.
- (b) *Applicability.* This subcontract is subject to the following provisions and to all other applicable provisions of 41 U.S.C. chapter 67, Service Contract Labor Standards, and regulations of the Secretary of Labor (29 CFR Part 4). This clause does not apply to subcontracts or lower-tier subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 6702, as interpreted in Subpart C of 29 CFR Part 4.

(c) *Compensation.*

- (1) Each service employee employed in the performance of this subcontract by the Subcontractor or any lower-tier subcontractor shall be paid not less than the minimum monetary wages and shall be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor, or authorized representative, as specified in any wage determination attached to this subcontract.
- (2)
 - (i) If a wage determination is attached to this subcontract, the Subcontractor shall classify any class of service employee which is not listed therein and which is to be employed under the subcontract (i.e., the work to be performed is not performed by any classification listed in the wage determination) so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees shall be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this paragraph (c).
 - (ii) This conforming procedure shall be initiated by the Subcontractor prior to the performance of subcontract work by the unlisted class of employee. The Subcontractor shall submit Standard Form (SF) 1444, Request For Authorization of Additional Classification and Rate, to the NREL Subcontract Administrator no later than 30 days after the unlisted class of employee performs any subcontract work. NREL Subcontract Administrator shall review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employees' authorized representatives or the employees themselves together with the agency recommendation), and all pertinent information to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within 30 days of receipt or will notify the NREL Subcontract Administrator within 30 days of receipt that additional time is necessary.
 - (iii) The final determination of the conformance action by the Wage and Hour Division shall be transmitted to the NREL Subcontract Administrator who shall promptly notify the Subcontractor of the action taken. Each affected employee shall be furnished by the Subcontractor with a written copy of such determination or it shall be posted as a part of the wage determination.
 - (iv)
 - (A) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated

under Federal pay systems (Federal Wage Board Pay System and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.

- (B) In the case of a contract modification, an exercise of an option, or extension of an existing subcontract, or in any other case where a Subcontractor succeeds a subcontract under which the classification in question was previously conformed pursuant to paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to the conformed classification by indexing (i.e., adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the subcontract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees, the Subcontractor shall advise the NREL Subcontract Administrator of the action taken but the other procedures in subdivision (c)(2)(ii) of this clause need not be followed.
- (C) No employee engaged in performing work on this contract shall in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.
- (v) The wage rate and fringe benefits finally determined under this paragraph (c)(2) of this clause shall be paid to all employees performing in the classification from the first day on which subcontract work is performed by them in the classification. Failure to pay the unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced subcontract work shall be a violation of the Service Contract Labor Standards statute and this subcontract.
- (vi) Upon discovery of failure to comply with paragraph (c)(2) of this clause, the Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be retroactive to the date such class or classes of employees commenced subcontract work.
- (3) Adjustment of compensation. If the term of this subcontract is more than 1 year, the minimum monetary wages and fringe benefits required to be paid or furnished thereunder to service employees under this subcontract shall be subject to adjustment after 1 year and not less often than once every 2 years, under wage determinations issued by the Wage and Hour Division.
- (d) Obligation to furnish fringe benefits. The Subcontractor or lower-tier subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or

- determined under paragraph (c)(2) of this clause by furnishing equivalent combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with Subpart D of 29 CFR Part 4.
- (e) *Minimum wage.* In the absence of a minimum wage attachment for this subcontract, neither the Subcontractor nor any lower-tier subcontractor under this subcontract shall pay any person performing work under this contract (regardless of whether the person is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938. Nothing in this clause shall relieve the Subcontractor or any lower-tier subcontractor of any other obligation under law or contract for payment of a higher wage to any employee.
- (f) *Successor subcontracts.* If this subcontract succeeds a subcontract subject to the Service Contract Labor Standards statute under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this subcontract setting forth such collectively bargained wage rates and fringe benefits, neither the Subcontractor nor any lower-tier subcontractor under this subcontract shall pay any service employee performing any of the subcontract work (regardless of whether or not such employee was employed under the predecessor subcontract), less than the wages and fringe benefits provided for in such collective bargaining agreement, to which such employee would have been entitled if employed under the predecessor subcontract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. No Subcontractor or lower-tier subcontractor under this subcontract may be relieved of the foregoing obligation unless the limitations of 29 CFR 4.1b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative finds, after a hearing as provided in 29 CFR 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in 29 CFR 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor subcontract was not entered into as a result of arm's length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and Parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor Subcontractor's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor subcontract was not entered into as a result of arm's length negotiations, the Department will issue a new or revised wage determination setting forth the applicable wage rates and fringe benefits. Such determination shall be made part of the subcontract or lower-tier subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a subcontract or lower-tier subcontract (53 Comp. Gen. 401 (1973)). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination shall be effective as of the date of the final administrative decision.
- (g) *Notification to employees.* The Subcontractor and any lower-tier subcontractor under this subcontract shall notify each service employee commencing work on this subcontract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this subcontract, or shall post the wage determination attached to this subcontract. The poster provided by the Department of Labor (Publication WH

- 1313) shall be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of 41 U.S.C. 6703 and of this subcontract.
- (h) *Safe and sanitary working conditions.* The Subcontractor or lower-tier subcontractor shall not permit any part of the services called for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Contractor or subcontractor which are unsanitary, hazardous, or dangerous to the health or safety of the service employees. The Contractor or subcontractor shall comply with the safety and health standards applied under 10 CFR 851.
- (i) *Records.*
- (1) The Subcontractor and each subcontractor performing work subject to the Service Contract Labor Standards statute shall make and maintain for 3 years from the completion of the work, and make them available for inspection and transcription by authorized representatives of the Wage and Hour Division, Employment Standards Administration, a record of the following:
- (i) For each employee subject to the Service Contract Labor Standards statute—
- (A) Name and address and social security number;
- (B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;
- (C) Daily and weekly hours worked by each employee; and
- (D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.
- (ii) For those classes of service employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the terms of paragraph (c) of this clause. A copy of the report required by subdivision (c)(2)(ii) of this clause will fulfill this requirement.
- (iii) Any list of the predecessor Subcontractor's employees which had been furnished to the Subcontractor as prescribed by paragraph (n) of this clause.
- (2) The Subcontractor shall also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division.
- (3) Failure to make and maintain or to make available these records for inspection and transcription shall be a violation of the regulations and this subcontract, and in the case of failure to produce these records, the NREL Subcontract Administrator, upon direction of the Department of Labor and notification to the Subcontractor, shall take action to cause suspension of any further payment or advance of funds until the violation ceases.
- (4) The Subcontractor shall permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.
- (j) *Pay periods.* The Subcontractor shall unconditionally pay to each employee subject to the Service Contract Labor Standards statute all wages due free and clear and without subsequent deduction (except as otherwise provided by law or regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments shall be made

no later than one pay period following the end of the regular pay period in which the wages were earned or accrued. A pay period under this statute may not be of any duration longer than semi-monthly.

- (k) *Withholding of payments and termination of subcontract.* The NREL Subcontract Administrator shall withhold or cause to be withheld from the Subcontractor under this or any other Government subcontract with the Subcontractor such sums as an appropriate official of the Department of Labor requests or such sums as the NREL Subcontract Administrator decides may be necessary to pay underpaid employees employed by the Subcontractor or lower-tier subcontractor. In the event of failure to pay any employees subject to the Service Contract Labor Standards statute all or part of the wages or fringe benefits due under the Service Contract Labor Standards statute, the NREL Subcontract Administrator may, after authorization or by direction of the Department of Labor and written notification to the Subcontractor, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the subcontract work. In such event, NREL may enter into other subcontracts or arrangements for completion of the work, charging the Subcontractor in default with any additional cost.
- (l) *Lower-tier Subcontracts.* The Subcontractor agrees to insert this clause in all lower-tier subcontracts subject to the Service Contract Labor Standards statute.
- (m) *Collective bargaining agreements applicable to service employees.* If wages to be paid or fringe benefits to be furnished any service employees employed by the Subcontractor or any lower-tier subcontractor under the subcontract are provided for in a collective bargaining agreement which is or will be effective during any period in which the subcontract is being performed, the Subcontractor shall report such fact to the NREL Subcontract Administrator, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report shall be made upon commencing performance of the subcontract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of subcontract performance such agreements shall be reported promptly after negotiation thereof.
- (n) *Seniority list.* Not less than 10 days prior to completion of any contract being performed at a Federal facility where service employees may be retained in the performance of the succeeding contract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a Subcontractor (predecessor) or successor (29 CFR 4.173), the incumbent Subcontractor shall furnish the NREL Subcontract Administrator a certified list of the names of all service employees on the Subcontractor's or lower-tier subcontractor's payroll during the last month of subcontract performance. Such list shall also contain anniversary dates of employment on the subcontract either with the current or predecessor Subcontractors of each such service employee. The NREL Subcontract Administrator shall turn over such list to the successor Subcontractor at the commencement of the succeeding subcontract.
- (o) *Rulings and interpretations.* Rulings and interpretations of the Service Contract Labor Standards statute are contained in Regulations, 29 CFR Part 4.
- (p) *Subcontractor's certification.*
 - (1) By entering into this subcontract, the Subcontractor (and officials thereof) certifies that neither it nor any person or firm who has a substantial interest in the Subcontractor's firm is a person or firm ineligible to be awarded

- Government subcontracts by virtue of the sanctions imposed under 41 U.S.C. 6706.
- (2) No part of this subcontract shall be subcontracted to any person or firm ineligible for award of a Government contract under 41 U.S.C. 6706.
 - (3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.
- (q) *Variations, tolerances, and exemptions involving employment.* Notwithstanding any of the provisions in paragraphs (b) through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to 41 U.S.C. 6707 prior to its amendment by Pub. L. 92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:
- (1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by 41 U.S.C. 6703(1) without diminishing any fringe benefits or cash payments in lieu thereof required under 41 U.S.C. 6703(2), in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, persons with disabilities, and disabled clients of work centers under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR parts 520, 521, 524, and 525).
 - (2) The Administrator will issue certificates under the statute for the employment of apprentices, student-learners, persons with disabilities, or disabled clients of work centers not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two statutes, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and 525).
 - (3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in 29 CFR parts 525 and 528.
- (r) *Apprentices.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Office of Apprenticeship Training, Employer, and Labor Services (OATELS), U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program shall be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices shall not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification shall not be greater than the ratio permitted to the Subcontractor as to his entire work force under the registered program.
- (s) *Tips.* An employee engaged in an occupation in which the employee customarily and regularly receives more than \$30 a month in tips may have the amount of these tips credited by the employer against the minimum wage required by 41 U.S.C. 6703(1), in accordance with section 3(m) of the Fair Labor Standards Act and Regulations, 29

CFR Part 531. However, the amount of credit shall not exceed \$1.34 per hour beginning January 1, 1981. To use this provision—

- (1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;
 - (2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);
 - (3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Labor Standards minimum wage through the combination of direct wages and tip credit; and
 - (4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of 41 U.S.C. 6707(c).
- (t) *Disputes concerning labor standards.* The U.S. Department of Labor has set forth in 29 CFR parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this subcontract. Disputes within the meaning of this clause include disputes between the Subcontractor (or any of its subcontractors) and NREL, the U.S. Department of Labor, or the employees or their representatives.

CLAUSE 30. FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT LABOR STANDARDS—PRICE ADJUSTMENT (MULTIPLE YEAR AND OPTION CONTRACTS)(SPECIAL NOV 2016)

(Derived from FAR 52.222-43)(MAY 2014)

(Applies to all subcontracts subject to the Service Contract Act)

- (a) This clause applies to both subcontracts subject to area prevailing wage determinations and subcontracts subject to collective bargaining agreements.
- (b) The Subcontractor warrants that the prices in this subcontract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.
- (c) The wage determination, issued under the Service Contract Labor Standards statute, (41 U.S.C. chapter 67), by the Administrator, Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this subcontract. If no such determination has been made applicable to this subcontract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year subcontract or the beginning of each renewal option period, shall apply to this subcontract.
- (d) The subcontract price, subcontract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Subcontractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Subcontractor as a result of:
 - (1) The Department of Labor wage determination applicable on the anniversary date of the multiple year subcontract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The Subcontractor chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per hour. Even if the Subcontractor voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

- (2) An increased or decreased wage determination otherwise applied to the subcontract by operation of law; or
- (3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this subcontract, affects the minimum wage, and becomes applicable to this subcontract under law.
- (e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but shall not otherwise include any amount for general and administrative costs, overhead, or profit.
- (f) The Subcontractor shall notify the NREL Subcontract Administrator of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the NREL Subcontract Administrator. The Subcontractor shall promptly notify the NREL Subcontract Administrator of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any relevant supporting data, including payroll records, that the NREL Subcontract Administrator may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates shall be modified in writing. The Subcontractor shall continue performance pending agreement on or determination of any such adjustment and its effective date.
- (g) The NREL Subcontract Administrator or an authorized representative shall have access to and the right to examine any directly pertinent books, documents, papers and records of the Subcontractor until the expiration of 3 years after final payment under the subcontract.

Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State's Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/g/tip>.

CLAUSE 32. EMPLOYMENT ELIGIBILITY VERIFICATION (SPECIAL) (JUL 2014)

 - (ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Subcontractor, who are working in the United States, whether or not assigned to the subcontract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

 - (ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Subcontractor is excused from its obligations under paragraph (b) of this clause. (Applies to all service and construction subcontracts.)

- (a) Definitions. As used in this clause—
 - “United States” means the 50 states and the District of Columbia.
 - “Worker” –
 - (1) Means any person engaged in performing work on, or in connection with, a subcontract covered by Executive Order 13658, and—
 - (i) Whose wages under such subcontract are governed by the Fair Labor Standards Act ([29 U.S.C. chapter 8](#)), the Service Contract Labor Standards statute (41 U.S.C. chapter 67) (formerly the Service Contract Act of 1965), or the Wage Rate Requirements (Construction) statute ([40 U.S.C. chapter 31](#), subchapter IV) (formerly known as the Davis-Bacon Act);
 - (ii) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and
 - (iii) Regardless of the contractual relationship alleged to exist between the individual and the employer.
 - (2) Includes workers performing on, or in connection with, the subcontract whose wages are calculated pursuant to special certificates issued under [29 U.S.C. 214\(c\)](#).
 - (3) Also includes any person working on, or in connection with, the subcontract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor’s Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.
- (b) Executive Order Minimum wage rate.
 - (1) The Subcontractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this Subcontract, a minimum hourly wage rate of \$10.10 per hour beginning January 1, 2015.
 - (2) The Subcontractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2016, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor’s Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on www.wdol.gov (or any successor website), and a general notice on all wage determinations issued

- under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this subcontract.
- (3)
 - (i) The Subcontractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including lower-tier subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for lower-tier subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.
 - (ii) Lower-tier subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Subcontractors shall consider any lower-tier subcontractor requests for such price adjustment.
 - (iii) The Subcontract Administrator will not adjust the subcontract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.
 - (4) The Subcontractor warrants that the prices in this subcontract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.
 - (5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this subcontract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.
 - (6) The Subcontractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Subcontractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 10.23, Deductions.
 - (7) The Subcontractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.
 - (8) Nothing in this clause shall excuse the Subcontractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance establishing a minimum wage higher than the E.O. minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.
 - (9) The Subcontractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.
 - (10) The Subcontractor shall follow the policies and procedures in 29 CFR 10.24(b) and 10.28 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

- (c) (1) This clause applies to workers as defined in paragraph (a). As provided in that definition–
 - (i) Workers are covered regardless of the contractual relationship alleged to exist between the subcontractor or lower-tier subcontractor and the worker;
 - (ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under [29 U.S.C. 214\(c\)](#) are covered; and
 - (iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor’s Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.
- (2) This clause does not apply to–
 - (i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with subcontracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the subcontract, but who are not directly engaged in performing the specific work called for by the subcontract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such subcontracts;
 - (ii) Individuals exempted from the minimum wage requirements of the FLSA under [29 U.S.C. 213\(a\)](#) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to-
 - (A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under [29 U.S.C. 214\(a\)](#).
 - (B) Students whose wages are calculated pursuant to special certificates issued under [29 U.S.C. 214\(b\)](#).
 - (C) Those employed in a bona fide executive, administrative, or professional capacity ([29 U.S.C. 213\(a\)\(1\)](#) and 29 CFR part 541).
- (d) Notice. The Subcontractor shall notify all workers performing work on, or in connection with, this subcontract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Subcontractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Subcontractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/whd/govcontracts, in a prominent and accessible place at the worksite. Subcontractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the subcontractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.
- (e) Payroll Records.
 - (1) The Subcontractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker:
 - (i) Name, address, and social security number;

- (ii) The worker's occupation(s) or classification(s);
 - (iii) The rate or rates of wages paid;
 - (iv) The number of daily and weekly hours worked by each worker;
 - (v) Any deductions made; and
 - (vi) Total wages paid.
- (2) The Subcontractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Subcontractor shall also make such records available upon request of the Subcontract Administrator.
 - (3) The Subcontractor shall make a copy of the subcontract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.
 - (4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 10.26 and this subcontract. Upon direction of the Administrator or upon the Subcontract Administrator's own action, payment shall be withheld until such time as the noncompliance is corrected.
 - (5) Nothing in this clause limits or otherwise modifies the Subcontractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.
- (f) Access. The Subcontractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.
 - (g) Withholding. The Subcontract administrator, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Subcontractor under this or any other NREL subcontract with the same Subcontractor, sufficient to pay workers the full amount of wages required by this clause.
 - (h) Disputes. Department of Labor has set forth in 29 CFR 10.51, Disputes concerning contractor/subcontractor compliance, the procedures for resolving disputes concerning a subcontractor's compliance with Department of Labor regulations at 29 CFR part 10. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this subcontract. These disputes include disputes between the Subcontractor (or any of its lower-tier subcontractors) and NREL, the Department of Labor, or the workers or their representatives.
 - (i) Antiretaliation. The Subcontractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.
 - (j) Lower-tier subcontractor compliance. The Subcontractor is responsible for lower-tier subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due lower-tier subcontractor workers.
 - (k) Lower-Tier subcontracts. The Subcontractor shall include the substance of this clause, including this paragraph (k) in all lower-tier subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards (formerly the Service Contract Act of 1965) statute or the Wage Rate Requirements (Construction) (formerly known as the Davis-Bacon Act) statute, and are to be performed in whole or in part in the United States.

- (2) While not required, the Subcontractor may flow down to lower-tier subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.
- (d) The Subcontractor shall include the terms of this clause, including this paragraph (d), in lower-tier subcontracts awarded under this subcontract.

CLAUSE 49. INSPECTION OF SUPPLIES-FIXED PRICE (AUG 1996)

Derived from FAR 52.246-2

(Applies to fixed price subcontracts for supplies and fixed price subcontracts for services where supplies are furnished.)

- (a) Definition.
 - (1) "Supplies," as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.
- (b) The Subcontractor shall provide and maintain an inspection system acceptable to NREL covering supplies under this subcontract and shall tender to NREL for acceptance only supplies that have been inspected in accordance with the inspection system and have been found by the Subcontractor to be in conformity with subcontract requirements. As part of the system, the Subcontractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to NREL/Government during subcontract performance and for as long afterwards as the subcontract requires. NREL/Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the subcontract work. The right of review, whether exercised or not, does not relieve the Subcontractor of the obligations under the subcontract.
- (c) NREL/Government has the right to inspect and test all supplies called for by the subcontract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. NREL/Government shall perform inspections and tests in a manner that will not unduly delay the work. NREL/Government assumes no contractual obligation to perform any inspection and test for the benefit of the Subcontractor unless specifically set forth elsewhere in this subcontract.
- (d) If NREL/Government performs inspection(s) or test(s) on the premises of the Subcontractor or a lower-tier Subcontractor, the Subcontractor shall furnish, and shall require lower-tier Subcontractors to furnish, at no increase in subcontract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the subcontract, NREL/Government shall bear the expense of NREL/Government inspections or tests made at other than the Subcontractor's or lower-tier Subcontractor's premises; provided, that in case of rejection, the NREL/Government shall not be liable for any reduction in the value of inspection or test samples.

- (e) (1) When supplies are not ready at the time specified by the Subcontractor for inspection(s) or test(s), the NREL Subcontract Administrator may charge to the Subcontractor the additional costs of inspection(s) or test(s).
- (2) The NREL Subcontract Administrator may also charge the Subcontractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.
- (f) NREL has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with subcontract requirements. NREL may reject nonconforming supplies with or without disposition instructions.
- (g) The Subcontractor shall remove supplies rejected or required to be corrected. However, the NREL Subcontract Administrator may require or permit correction in place, promptly after notice, by and at the expense of the Subcontractor. The Subcontractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.
- (h) If the Subcontractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, NREL may either—
 - (1) By subcontract or otherwise, remove, replace, or correct the supplies and charge the cost to the Subcontractor; or
 - (2) Terminate the subcontract for default. Unless the Subcontractor corrects or replaces the supplies within the delivery subcontract schedule, the NREL Subcontract Administrator may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.
- (i) (1) If this subcontract provides for the performance of quality assurance at source, and if requested by NREL/Government, the Subcontractor shall furnish advance notification of the time—
 - (i) When Subcontractor inspection or tests will be performed in accordance with the terms and conditions of the subcontract; and
 - (ii) When the supplies will be ready for inspection.
- (2) NREL/Government's request shall specify the period and method of the advance notification and the NREL/Government representative to whom it shall be furnished. Requests shall not require more than two (2) workdays of advance notification if NREL/Government representative is in residence in the Subcontractor's plant, nor more than seven (7) workdays in other instances.
- (j) NREL shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the subcontract. NREL's failure to inspect and accept or reject the supplies shall not relieve the Subcontractor from responsibility, nor impose liability on NREL/Government, for nonconforming supplies.
- (k) Inspections and tests by NREL/Government do not relieve the Subcontractor of responsibility for defects or other failures to meet subcontract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the subcontract.
- (l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, NREL/Government, in addition to any other rights and remedies provided by law, or under other provisions of this subcontract, shall have the right to require the Subcontractor—
 - (1) To correct or replace the defective or nonconforming supplies at the original point of delivery or at the Subcontractor's plant at the NREL Subcontract Administrator's election, at no increase in subcontract price, and in

- accordance with a reasonable delivery schedule as may be agreed upon between the Subcontractor and the NREL Subcontract Administrator; provided, that the NREL Subcontract Administrator may require a reduction in subcontract price if the Subcontractor fails to meet such delivery schedule; or
- (2) Within a reasonable time after receipt by the Subcontractor of notice of defects or nonconformance, to repay such portion of the subcontract as is equitable under the circumstances if the NREL Subcontract Administrator elects not to require correction or replacement. When supplies are returned to the Subcontractor, the Subcontractor shall bear the transportation cost from the original point of delivery to the Subcontractor's plant and return to the original point when that point is not the Subcontractor's plant. If the Subcontractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of ten (10) days (or such longer period as the NREL Subcontract Administrator may authorize in writing) after receipt of notice from the NREL Subcontract Administrator specifying such failure, NREL shall have the right by subcontract or otherwise to replace or correct such supplies and charge to the Subcontractor the cost occasioned NREL thereby.

- (1) "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

Complete records of all inspection work performed by the Subcontractor shall be maintained and made available to NREL/Government during subcontract performance and for as long afterwards as the subcontract requires.
- (c) NREL/Government has the right to inspect and test all services called for by the subcontract, to the extent practicable at all times and places during the term of the subcontract. NREL/Government shall perform inspections and tests in a manner that will not unduly delay the work.
- (d) If NREL/Government performs inspections or tests on the premises of the Subcontractor or a lower-tier Subcontractor, the Subcontractor shall furnish, and shall require lower-tier Subcontractors to furnish, at no increase in subcontract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.
- (e) If any of the services do not conform to subcontract requirements, NREL may require the Subcontractor to perform the services again in conformity with subcontract requirements, at no increase in subcontract amount. When the defects in services cannot be corrected by reperformance, NREL may—
- (1) Require the Subcontractor to take necessary action to ensure that future performance conforms to subcontract requirements; and
- (2) Reduce the subcontract price to reflect the reduced value of the services performed.

- (f) If the Subcontractor fails to promptly perform the service(s) again or to take the necessary action to ensure future performance in conformity with subcontract requirements, NREL may—
- (1) By subcontract or otherwise, perform the services and charge to the Subcontractor any cost incurred by NREL that is directly related to the performance of such service; or
 - (2) Terminate the subcontract for default.

Derived from FAR 52.247-1 (FEB 2006) (FD)

(Applies to all subcontracts where transportation is a direct charge to the subcontract.) (Direct and actual transportation cost is a separate item in the invoice (e.g. free on board (F.O.B.) origin) and not included in the delivered price (e.g. F.O.B. destination).)

When the NREL Subcontract Administrator authorizes supplies to be shipped on a commercial bill of lading and the Subcontractor will be reimbursed these transportation costs as direct allowable costs, the Subcontractor shall ensure before shipment is made that the commercial shipping documents are annotated with the following notation:

“Transportation is for the U.S. Department of Energy, acting through its National Renewable Energy Laboratory (NREL) and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by NREL on behalf of the Government pursuant to cost reimbursement contract No. DE-AC36-08GO28308. (Applies to fixed price subcontracts exceeding \$100,000, except subcontracts for research and development work with educational or nonprofit institutions and subcontracts for architect-engineer services.)

(Alternate I applies to fixed price construction subcontracts exceeding \$100,000.)

- (a) NREL may terminate performance of work under this subcontract in whole or, from time to time, in part if the NREL Subcontract Administrator determines that a termination is in NREL's/Government's interest. The NREL Subcontract Administrator shall terminate by delivering to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- (b) After receipt of a Notice of Termination, and except as directed by the NREL Subcontract Administrator, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:
 - (1) Stop work as specified in the notice;
 - (2) Place no further subcontracts or orders (referred to as lower-tier subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the subcontract;
 - (3) Terminate all lower-tier subcontracts to the extent they relate to the work terminated;
 - (4) Assign to NREL, as directed by the NREL Subcontract Administrator, all right, title, and interest of the Subcontractor under the lower-tier subcontracts terminated, in which case NREL shall have the right to settle or to pay any termination settlement proposal arising out of those terminations;
 - (5) With approval or ratification to the extent required by the NREL Subcontract Administrator, settle all outstanding liabilities and termination settlement proposals arising from the termination of lower-tier subcontracts; the approval or ratification will be final for purposes of this clause;
 - (6) As directed by the NREL Subcontract Administrator, transfer title to the Government and deliver to NREL—
 - (i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and
 - (ii) The completed or partially completed plans, drawings, information, and other property that, if the subcontract had been completed, would be required to be furnished to NREL.

- (7) Complete performance of the work not terminated;
- (8) Take any action that may be necessary, or that the NREL Subcontract Administrator may direct, for the protection and preservation of the property related to this subcontract that is in the possession of the Subcontractor and in which the Government has or may acquire an interest; and
- (9) Use its best efforts to sell, as directed or authorized by the Government through the NREL Subcontract Administrator, any property of the types referred to in subparagraph (b)(6) of this clause; provided, however, that the Subcontractor—
 - (i) Is not required to extend credit to any purchaser; and
 - (ii) May acquire the property under the conditions prescribed by, and at prices approved by, the Government acting through the NREL Subcontract Administrator. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by NREL under this subcontract, credited to the price or cost of the work, or paid in any other manner directed by the NREL Subcontract Administrator.
- (c) The Subcontractor may submit complete termination inventory subcontract schedules no later than sixty (60) days from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator within this sixty (60)-day period.
- (d) [Reserved.]
- (e) After termination, the Subcontractor shall submit a final termination settlement proposal to the NREL Subcontract Administrator in the form and with the certification prescribed by the NREL Subcontract Administrator. The Subcontractor shall submit the proposal promptly, but no later than one (1) year from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor within this one (1) year period. However, if the NREL Subcontract Administrator determines that the facts justify it, a termination settlement proposal may be received and acted on after one (1) year or any extension. If the Subcontractor fails to submit the proposal within the time allowed, the NREL Subcontract Administrator may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- (f) The Subcontractor and the NREL Subcontract Administrator may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of costs shown in subparagraph (g) (3) of this clause, may not exceed the total subcontract price as reduced by—
 - (1) The amount of payments previously made; and
 - (2) The subcontract price of work not terminated.The subcontract shall be amended, and the Subcontractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- (g) If the Subcontractor and the NREL Subcontract Administrator fail to agree on the whole amount to be paid because of the termination of work, the NREL Subcontract Administrator shall pay the Subcontractor the amounts determined by the NREL Subcontract Administrator as follows, but without duplication of any amounts agreed on under paragraph (f) of this clause:

- (1) The subcontract price for completed supplies or services accepted by NREL (or sold or acquired under subparagraph (b) (9) of this clause) not previously paid for, adjusted for any saving of freight and other charges.
- (2) The total of—
 - (i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph (g) (1) of this clause;
 - (ii) The cost of settling and paying termination settlement proposals under terminated lower-tier subcontracts that are properly chargeable to the terminated portion of the subcontract if not included in subdivision (g) (2) (i) of this clause; and
 - (iii) A sum, as profit on subdivision (g) (2) (i) of this clause, determined by the NREL Subcontract Administrator under 49.202 of the Federal Acquisition Regulation, in effect on the date of this subcontract, to be fair and reasonable. However, if it appears that the Subcontractor would have sustained a loss on the entire subcontract had it been completed, the NREL Subcontract Administrator shall allow no profit under this subdivision (g) (2) (iii) and shall reduce the settlement to reflect the indicated rate of loss.
- (3) The reasonable costs of settlement of the work terminated, including—
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of lower-tier subcontracts (excluding the amounts of such settlements); and
 - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- (h) Except for normal spoilage, and except to the extent that NREL/Government expressly assumed the risk of loss, the NREL Subcontract Administrator shall exclude from the amounts payable to the Subcontractor under paragraph (g) of this clause, the fair value, as determined by the NREL Subcontract Administrator, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to NREL/Government or to a buyer.
- (i) The cost principles and procedures of Part 31 of the Federal Acquisition Regulation, in effect on the date of this subcontract, shall govern all costs claimed, agreed to, or determined under this clause.
- (j) The Subcontractor shall have the right of appeal, under the Disputes clause, from any determination made by the NREL Subcontract Administrator under paragraph (e), (g), or (i) of this clause, except that if the Subcontractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (e) or (i), respectively, and failed to request a time extension, there is no right of appeal.
- (k) In arriving at the amount due the Subcontractor under this clause, there shall be deducted—
 - (1) All unliquidated advance or other payments to the Subcontractor under the terminated portion of the subcontract;
 - (2) Any claim which NREL/Government has against the Subcontractor under this clause; and

- (3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Subcontractor or sold under the provisions of this clause and not recovered by or credited to NREL/Government.
- (l) If the termination is partial, the Subcontractor may file a proposal with the NREL Subcontract Administrator for an equitable adjustment of the price(s) of the continued portion of the subcontract. The NREL Subcontract Administrator shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within forty-five (45) days from the effective date of termination unless extended in writing by the NREL Subcontract Administrator.
- (m)
 - (1) NREL may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the subcontract, if the NREL Subcontract Administrator believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.
 - (2) If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to NREL/Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by the NREL Subcontract Administrator because of the circumstances.
- (n) Unless otherwise provided in this subcontract or by statute, the Subcontractor shall maintain all records and documents relating to the terminated portion of this subcontract for three (3) years after final settlement. This includes all books and other evidence on the Subcontractor's costs and expenses under this subcontract. The Subcontractor shall make these records and documents available to NREL/Government, at the Subcontractor's office, at all reasonable times, without any direct charge. If approved by the NREL Subcontract Administrator, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

ALTERNATE I

If the contract is for construction, substitute the following paragraph (g) for paragraph (g) of the basic clause:

- (a) If the Subcontractor and NREL Subcontract Administrator fail to agree on the whole amount to be paid the Subcontractor because of the termination of work, the NREL Subcontract Administrator shall pay the Subcontractor the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (f) of this clause:
 - (1) For subcontract work performed before the effective date of termination, the total (without duplication of any items) of—
 - (i) The cost of this work;
 - (ii) The cost of settling and paying termination settlement proposals under terminated lower-tier subcontracts that are properly chargeable to the terminated portion of the subcontract if not included in subdivision (g) (1) (i) of this clause; and

- (iii) A sum, as profit on subdivision (g) (1) (i) of this clause, determined by the NREL Subcontract Administrator under 49.202 of the Federal Acquisition Regulation, in effect on the date of this subcontract, to be fair and reasonable; however, if it appears that the Subcontractor would have sustained a loss on the entire subcontract had it been completed, the NREL Subcontract Administrator shall allow no profit under this subdivision (g) (1) (iii) and shall reduce the settlement to reflect the indicated rate of loss.
- (2) The reasonable costs of settlement of the work terminated, including—
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of lower-tier subcontracts (excluding the amounts of such settlements); and
 - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

CLAUSE 56. TERMINATION FOR CONVENIENCE OF NREL/GOVERNMENT (SERVICES) (SHORT FORM) (APR 1984)

Derived from FAR 52.249-4 (FD)

(Applies to fixed-price subcontracts for services.)

The NREL Subcontract Administrator, by written notice, may terminate this subcontract, in whole or in part, when it is in NREL's/Government's best interest. If this subcontract is terminated, NREL shall be liable only for payment under the payment provisions of this subcontract for services rendered before the effective date of termination.

CLAUSE 57. DEFAULT (FIXED PRICE SUPPLY AND SERVICE) (APR 1984)

Derived from FAR 52.249-8

(Applies to fixed price subcontracts for supplies and services.)

- (a) (1) NREL may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Subcontractor, terminate this subcontract in whole or in part if the Subcontractor fails to—
 - (i) Deliver the supplies or to perform the services within the time specified in this subcontract or any extension;
 - (ii) Make progress, so as to endanger performance of this subcontract (but see subparagraph (a)(2) of this clause); or
 - (iii) Perform any of the other provisions of this subcontract (but see subparagraph (a) (2) of this clause).
- (2) NREL's right to terminate this subcontract under subparagraphs (a) (1) (i), (ii), and (iii) of this clause, may be exercised if the Subcontractor does not cure such failure within ten (10) days (or more if authorized in writing by the NREL Subcontract Administrator) after receipt of the notice from the NREL Subcontract Administrator specifying the failure.
- (b) If NREL terminates this subcontract in whole or in part, it may acquire, under the terms and in the manner the NREL Subcontract Administrator considers appropriate, supplies or services similar to those terminated, and the Subcontractor will be liable to NREL/Government for any excess costs for those supplies or services. However, the Subcontractor shall continue the work not terminated.

- (c) Except for defaults of Subcontractors at any tier, the Subcontractor shall not be liable for any excess costs if the failure to perform the subcontract arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of such causes include—

 - (2) Acts of the Government in either its sovereign or contractual capacity;
 - (3) Fires;
 - (4) Floods;

The amount received by the Subcontractor as the result of any disposition, or the agreed fair value of any such property acquired by the Subcontractor, shall be applied in reduction of costs allowable under this subcontract or shall be otherwise credited to account to NREL/Government, as the NREL Subcontract Administrator may direct. Upon completion of the work or the termination of this subcontract, the Subcontractor shall render an accounting, as prescribed by the NREL Subcontract Administrator, of all Government property which had come into the possession or custody of the Subcontractor under this subcontract.

 - (C) Failure of Subcontractor managerial personnel to establish, administer, or properly maintain an approved property management system in accordance with paragraph (i)(1) of this clause.
- (ii) If, after an initial review of the facts, the NREL Subcontract Administrator informs the Subcontractor that there is reason to believe that the loss, destruction of, or damage to the Government property results from conduct falling within one of the categories set forth above, the burden of proof shall be upon the Subcontractor to show that the Subcontractor should not be required to compensate NREL/Government for the loss, destruction, or damage.
- (2) In the event that the Subcontractor is determined liable for the loss, destruction or damage to Government property in accordance with (f)(1) of this clause, the Subcontractor's compensation to NREL/Government shall be determined as follows:
- (i) For damaged property, the compensation shall be the cost of repairing such damaged property, plus any costs incurred for temporary replacement of the damaged property. If a fair market value of the property does not exist, the Government through the NREL Subcontract Administrator shall determine the value of such property, consistent with all relevant facts and circumstances.
 - (ii) For destroyed or lost property, the compensation shall be the fair market value of such property at the time of such loss or destruction, plus any costs incurred for temporary replacement and costs associated with the disposition of destroyed property. If a fair market value of the property does not exist, the Government through the NREL Subcontract Administrator shall determine the value of such property, consistent with all relevant facts and circumstances.
- (3) The portion of the cost of insurance obtained by the Subcontractor that is allocable to coverage of risks of loss referred to in paragraph (f)(1) of this clause is not allowable.
- (g) Steps to be taken in event of loss.
- In the event of any damage, destruction, or loss to Government property in the possession or custody of the Subcontractor with a value above the threshold set out in the Subcontractor's approved property management system, the Subcontractor:
- (1) Shall immediately inform the NREL Subcontract Administrator of the occasion and extent thereof;
 - (2) Shall take all reasonable steps to protect the property remaining; and

- (3) Shall repair or replace the damaged, destroyed, or lost property in accordance with the written direction of the NREL Subcontract Administrator. The Subcontractor shall take no action prejudicial to the right of NREL/Government to recover and, therefore, shall furnish to NREL/Government, on request, all reasonable assistance in obtaining recovery.
- (h) Government property for NREL/Government use only. Government property shall be used only for the performance of this subcontract.
- (i) Property Management.
 - (1) Property Management System.
 - (i) The Subcontractor shall establish, administer, and properly maintain an approved property management system of accounting for and control, utilization, maintenance, repair, protection, preservation, and disposition of Government property in its possession under the subcontract.  - (ii) In order for a property management system to be approved, it must provide for:
 - (A) Comprehensive coverage of property from the requirement identification, through its life cycle, to final disposition;
 - (B) [Reserved];
 - (C) Full integration with the Subcontractor's other administrative and financial systems; and
 - (D) A method for continuously improving property management practices through the identification of best practices established by "best in class" performers.

 - (ii) If the Subcontractor is succeeding another Subcontractor in the performance of this subcontract, the Subcontractor shall conduct a joint reconciliation of the property inventory with the predecessor Subcontractor. The Subcontractor agrees to participate in a joint reconciliation of the property inventory at the completion of this subcontract. This information will be used to provide a baseline for the succeeding subcontract as well as information for closeout of the predecessor subcontract.
- (j) The term "Subcontractor's managerial personnel," as used in this clause, means the Subcontractor's directors, officers and any of its managers, superintendents, or other equivalent representatives who have supervision or direction of:
 - (1) All or substantially all of the Subcontractor's business; or

Derived from DEAR 970.5223-1(FD)(DEC 2000)

(Applies to all subcontracts where the Subcontractor or lower-tier Subcontractors and their employees, officers, agents, or other persons representing the Subcontractor will perform complex or hazardous work on NREL-operated facilities or Government-owned or -leased properties.)

- (a) For the purposes of this clause:

 - (2) "Employees" include lower-tier Subcontractor employees.
- (b) In performing work under this subcontract, the Subcontractor shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of environment, safety and health (ES&H) functions and activities becomes an integral but visible part of the Subcontractor's work planning and execution processes. The Subcontractor shall, in the performance of work, ensure that:
 - (1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Subcontractor and lower-tier Subcontractor employees managing or supervising employees performing work.

- (2) Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.
 - (3) Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 - (4) Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.
 - (5) Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
 - (6) Upon discovery of potential cultural resources, the Subcontractor shall stop work immediately and report to the NREL Project Manager. The Subcontractor shall not handle, move, or otherwise disturb items that are potential cultural resources, either on the ground surface or buried/unearthed below the ground surface. Items discovered remain the property of DOE and may not be removed from the site. The Subcontractor shall not alter, damage, or deconstruct existing structures on the National Register of Historic Places as identified by the NREL Project Manager.
 - (7) Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.
 - (8) The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by NREL/Government and the Subcontractor. These agreed-upon conditions and requirements are requirements of the subcontract and binding upon the Subcontractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System.
- (c) The Subcontractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (b) of this clause at a minimum. Documentation of the System shall describe how the Subcontractor will:
- (1) Define the scope of work;
 - (2) Identify and analyze hazards associated with the work;
 - (3) Develop and implement hazard controls;
 - (4) Perform work within controls; and
 - (5) Provide feedback on adequacy of controls and continue to improve safety management.
- (d) The System shall describe how the Subcontractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to NREL/DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the Subcontractor will measure system effectiveness.
- (e) The Subcontractor shall submit to the NREL Subcontract Administrator documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the NREL Subcontract Administrator. Guidance on the preparation, content, review, and approval of the System will be provided by the NREL Subcontract Administrator. On an annual basis, the Subcontractor shall review and update, for NREL's approval, its

safety performance objectives, performance measures, and commitments consistent with and in response to NREL/DOE program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the Subcontractor's business processes for work planning, budgeting, authorization, execution, and change control.

- (f) The Subcontractor shall comply with, and assist NREL/DOE in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of NREL's Prime Contract entitled "Laws, Regulations, and DOE Directives." The Subcontractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this subcontract.
- (g) The Subcontractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements and the System. If the Subcontractor fails to provide resolution or, if at any time, the Subcontractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the NREL Subcontract Administrator may issue an order stopping work in whole or in part. Any stop work order issued by the NREL Subcontract Administrator under this clause (or issued by the Subcontractor to a lower-tier Subcontractor in accordance with paragraph (i) of this clause) shall be without prejudice to any other legal or contractual rights of NREL/Government. In the event that the NREL Subcontract Administrator issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the NREL Subcontract Administrator. The Subcontractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.
- (h) Regardless of the performer of the work, the Subcontractor is responsible for compliance with the ES&H requirements applicable to this subcontract. The Subcontractor is responsible for flowing down the ES&H requirements applicable to this subcontract to subcontracts at any tier to the extent necessary to ensure the Subcontractor's compliance with the requirements.
- (i) The Subcontractor shall include a clause substantially the same as this clause in lower-tier subcontracts involving complex or hazardous work on site at an NREL operated facility or Government-owned or-leased properties. Such lower-tier subcontracts shall provide for the right to stop work under the conditions described in paragraph (g) of this clause. Depending on the complexity and hazards associated with the work, the Subcontractor may choose not to require the lower-tier Subcontractor to submit a Safety Management System for the Subcontractor's review and approval.
